National Families Week 15 - 21 May

In recognition of National Families Week 15-21 May 2018 we are reminded to reflect on the role families play in our community and the importance of celebrating the presence and meaning of family, as the protectors, first educators and nurturers of children and young people. We know that living in loving and stable families is an important safety factor for children. To support children and keep them safe we must support their families also, especially those who may be experiencing stress or difficult times. The encouragement of family life is a key focus in our Archdiocese and within our parish team. National Families Week is an important opportunity for us to welcome and embrace the richness and diversity families bring to our parishes & communities. The Archdiocesan Child Protection Unit has a responsibility to assist with supporting the care and wellbeing of children and families in our community and can be contacted on ph 8210 8159.
